Rand,
this is the changed draft. Please see that front page gets the 2 signature (for NSR and Title V) and than fax it to me so I can have it before it goes through my manager. I will go through secretary to get document in the ITA form (at that time it goes to the NSR Manager) and by the time she is done you will fax me the front page with signatures. If you see something in the AO please let me know.
Thanks
Milka
